Hatchery/Nursery Technician

Hooper's Island Oyster Company's Hatchery/Nursery division is hiring a full time and permanent Hatchery/Nursery Technician starting as early as January 3, 2023.

The Hatchery/Nursery Technician's primary role will be managing all aspects of microalgae production to support larvae rearing within the hatchery. The technician will also assist in the production of larval oysters, seed oysters, broodstock maintenance, and spawning at our Crocheron, MD location. While here you'll report to the Hatchery Manager and Nursery Manager. Daily activities will depend on workload within the Hatchery and Nursery, and Technician will assist wherever needed. During your experience you'll learn several skills that are vital to the success of an oyster hatchery and nursery including the following:

- Monitoring environmental parameters and maintain optimal hatchery and nursery conditions
- Assisting in the conditioning/managing and spawning of broodstock for diploid and triploid larvae production
- Participating in problem solving to improve spawning, setting, growth rates and survivability within hatchery
- Completing larval counts and seed counts using various dilution techniques
- Determining algae densities using a hemocytometer
- Performing routine tasks such as: water exchanges; filter maintenance, water sterilization, and cleaning grow-out systems and components to maintain suitable growing conditions
- Participating in microalgae production and carry out feeding regimens
- Setting larvae using both micro-cultch and spat-on-shell techniques
- Sorting seed and managing seed within upweller tanks and floating upweller systems.
- Following all Standard Operating Procedures (SOP's) for Hatchery and Nursery Operations

Qualifications/ Relevant Experience:

College experience with an emphasis in biology and/or environmental studies is preferred but not required

Genuine interest in learning more about animal husbandry, the aquaculture industry, and gaining experience working in a lab environment

This position is Monday-Friday and roughly 40 hours a week depending on workload with occasional overtime. Occasional weekend work is required. Pay is commensurate with education and experience. Interested applicants should send resume to swiegand@hoopersisland.com
